Statistical assistant : Dr. Farzat University Hospital , Syria-Homs | Sep 2023 - Present

- My job is to make statistical reports for all types of operations, from cardiac catheterization to cesarean section, and to evaluate the work of clinics by conducting statistical studies in terms of their work and the revenue of doctors, as well as the radiology department and the laboratory .

Paramedic in emergency responses :Syrian Arab Red Crescent ,Syria-Homs | Nov 2017 – Present

- I am responsible for an ambulance team, and our mission was to provide first aid to those suffering from strokes or heart attacks, or those who have been involved in traffic accidents and treat them and then transfer them from where we are to the nearest and convenient hospital .
-

Mathematics teacher secondary school : Leona institute , Syria-Homs | 2021-2023

- I worked in an institute for teaching students, and I was one of the tutor who taught there. I taught mathematics until the ninth grade, and after that I began giving private lessons to students in the tenth and eleventh grades. But the difficulty of working in dealing with students who are stupid and even hate the subject because of its difficulty, but you have to interact with them, understand them, and convey the idea in the simplest way.
Therefore, I followed a simple strategy, which explain the main and important idea for the lesson like heading and then solving an example of it to find out the student's gaps, with repetition to confirm the ideas.

Lab supervisor : Al-Hawash private university , Syria-Homs | Oct 2015-2017

- my job as a laboratory supervisor at Al-Hawash University, my task was to keep equipment safe and in good condition, and to hand over tools to students and make sure they gave them back to sterilize .
